TO : *All Class A Stations*

FROM : Finance Division

SUBJECT: GENERAL -
SPECIFIC - Field Allotment Payments

CONFIDENTIAL

1. Your attention is directed to which states:

"Salary allotment payments in the field will be made in local indigenous currency and/or military scrip unless the Station is specifically authorized by Headquarters to make such payments in U. S. dollars."

It is requested that in the future all T/A's transmitting salary allotment payments made in U. S. dollars and/or a combination of U. S. dollars and indigenous currency or military scrip, cite the specific authority granted the Station, or the cover policy, to make payments in U. S. dollars. It is recognized that in certain instances specific authority has not been granted and that payment in U. S. dollars is consistent with cover determinations relating to a particular station. Where the station is complying with policy but specific authority has not been granted by Headquarters the station should furnish Headquarters with full particulars regarding cover policy and request confirmation of authority to make dollar payments.

2. It is further requested that in the future all amounts representing salary allotment payments made in the field and T/A'd to Headquarters be identified to the applicable pay period or periods covered by the payment. If the payment covers field allotments applicable to more than one period, the amount should be broken down by pay periods.
